§ 347.211

determines that sufficient documentation exists. Such a determination may be made either at the next federal examination, or upon request of the insured branch, by the appropriate regional director;

- (5) Any asset not in the insured branch's actual possession unless the insured branch holds title to such asset and the insured branch maintains records sufficient to enable independent verification of the insured branch's ownership of the asset, as determined at the most recent state or federal examination:
 - (6) Any intangible asset;
- (7) Any other asset not considered bankable by the FDIC.
- (c) A foreign bank which has more than one insured branch in a state may treat all of its insured branches in the same state as one entity for purposes of compliance with paragraph (a) of this section and shall designate one insured branch to be responsible for maintaining the records of the insured branches' compliance with this section.
- (d) The average book value of the insured branch's liabilities for a quarter shall be, at the insured branch's option, either an average of the balances as of the close of business for each day of the quarter or an average of the balances as of the close of business on each Wednesday during the quarter. Quarters end on March 31, June 30, September 30, and December 31 of any given year. For days on which the insured branch is closed, balances from the previous business day are to be used. Calculations of the average book value of the insured branch's liabilities for a quarter shall be retained by the insured branch until the next federal examination.

§ 347.211 Examination of branches of foreign banks.

- (a) Frequency of on-site examination. Each branch or agency of a foreign bank shall be examined on-site at least once during each 12-month period (beginning on the date the most recent examination of the office ended) by:
 - (1) The FRB;
 - (2) The FDIC, if an insured branch;
- (3) The OCC, if the branch or agency of the foreign bank is licensed by the OCC: or

- (4) The state supervisor, if the office of the foreign bank is licensed or chartered by the state.
- (b) 18-month cycle for certain small institutions. (1) Mandatory standards. The FDIC may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the insured branch:
- (i) Has total assets of less than \$500 million:
- (ii) Has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination;
- (iii) Satisfies the requirement of either the following paragraph (b)(iii)(A) or (B):
- (A) The foreign bank's most recently reported capital adequacy position consists of, or is equivalent to, Tier 1 and total risk-based capital ratios of at least 6 percent and 10 percent, respectively, on a consolidated basis; or
- (B) The insured branch has maintained on a daily basis, over the past three quarters, eligible assets in an amount not less than 108 percent of the preceding quarter's average third party liabilities (determined consistent with applicable federal and state law) and sufficient liquidity is currently available to meet its obligations to third parties:
- (iv) Is not subject to a formal enforcement action or order by the FRB, FDIC, or the OCC; and
- (v) Has not experienced a change in control during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.
- (2) Discretionary standards. In determining whether an insured branch that meets the standards of paragraph (b)(1) of this section should not be eligible for an 18-month examination cycle pursuant to this paragraph (b), the FDIC may consider additional factors, including whether:
- (i) Any of the individual components of the ROCA supervisory rating of an insured branch is rated "3" or worse;
- (ii) The results of any off-site monitoring indicate a deterioration in the condition of the insured branch;

Federal Deposit Insurance Corporation

- (iii) The size, relative importance, and role of a particular insured branch when reviewed in the context of the foreign bank's entire U.S. operations otherwise necessitate an annual examination; and
- (iv) The condition of the parent foreign bank gives rise to such a need.
- (c) Authority to conduct more frequent examinations. Nothing in paragraphs (a) and (b) of this section limits the authority of the FDIC to examine any insured branch as frequently as it deems necessary.

§ 347.212 FDIC approval to conduct activities that are not permissible for federal branches.

- (a) Scope. A foreign bank operating an insured state branch which desires to engage in or continue to engage in any type of activity that is not permissible for a federal branch, pursuant to the National Bank Act (12 U.S.C. 21 et seq.) or any other federal statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction, must file a written application for permission to conduct such activity with the FDIC.
- (b) Exceptions. If the FDIC has already determined, pursuant to part 362 of this chapter, "Activities and Investment of Insured State Banks," that an activity does not present a significant risk to the Deposit Insurance Fund, no application is required under paragraph (a) of this section for a foreign bank operating an insured branch to engage or continue to engage in the same activity.
- (c) Agency activities. A foreign bank operating an insured state branch is not required to submit an application pursuant to paragraph (a) of this section to engage in or continue engaging in an activity conducted as agent if the activity is:
- (1) permissible agency activity for a state-chartered bank located in the state which the state-licensed insured branch of the foreign bank is located;
- (2) permissible agency activity for a state-licensed branch of a foreign bank located in that state; and

- (3) permissible pursuant to any other applicable federal law or regulation.
- (d) Conditions of approval. (1) Approval of such an application required by paragraph (a) of this section may be conditioned on the agreement by the foreign bank and its insured state branch to conduct the activity subject to specific limitations, which may include pledging of assets in excess of the asset pledge and asset maintenance requirements contained in §§ 347.209 and 347.210.
- (2) In the case of an application to initially engage in an activity, as opposed to an application to continue to conduct an activity, the insured state branch shall not commence the activity until it has been approved in writing by the FDIC pursuant to this part and the FRB, and any and all conditions imposed in such approvals have been satisfied.
- (e) Divestiture or cessation. (1) If an application for permission to continue to conduct an activity is not approved by the FDIC or the FRB, the applicant shall submit a plan of divestiture or cessation of the activity to the appropriate regional director.
- (2) A foreign bank operating an insured state branch which elects not to apply to the FDIC for permission to continue to conduct an activity which is rendered impermissible by any change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction shall submit a plan of divestiture or cessation to the appropriate regional director.
- (3) All plans of divestitures or cessation required by this paragraph must be completed within one year from the date of the disapproval, or within such shorter period as the FDIC may direct.
- (f) Procedures. Procedures for applications under this section are set out in section 303.187.
